Circular No: IEX/BD/331/2019

Date: 19th September 2019

Sub: IEX introduces ‘Zero Client Subscription Fees’ for the period 20th Sep’19 - 31st Dec’19 for Open Access Consumers.

IEX is well aligned with the Government of India’s vision of increasing the ease and reducing the cost of doing business operations as well as thrust to indigenous manufacturing through ‘Make in India’ initiative.

In the recent past economic and industrial activities have seen a down slide. Electricity is a key input for the industrial and commercial consumers and the cost competitiveness on this front affects overall competitiveness of the consumers.

In our endeavor to support Open Access (OA) consumers and to enhance their viability, IEX is pleased to introduce a special scheme ‘Zero Client Registration Fees’ for a limited period.

The detail of the scheme is mentioned below:

- **Applicable Period:** 20th Sept’19 to 31st Dec’19
- **Applicable for:** New OA client registration and reactivation of existing OA client for electricity segment.

  *For example, an open access consumer may register/reactivate on 10th of Oct’19 and another may register/reactivate on 10th of Dec’19, both such consumers can trade at IEX till 31st Dec’19 without paying any client registration fee.*

  *From 1st Jan’20 onwards annual client registration fee will be levied and will be applicable for 12 months, if the client continues trading after 31st Dec’19.*

We truly believe this scheme will help open access consumers to register /reactivate at the earliest and take advantage of lower prices at exchange and enhance their overall competitiveness.

Members are requested to take a note of it.

For and on behalf of Indian Energy Exchange Limited
