

Company Name : Indian Energy Exchange Limited
Company website : www.iexindia.com
Position Title : Risk
Designation : Manager
Location : Noida
Experience : 10+ Years

Job Summary:

This role is expected to oversee and enhance the organization's risk management framework. Identify, assess, and mitigate risks across various domains, ensuring compliance with regulatory standards and safeguarding the organization's reputation and operational stability. This role requires collaboration across departments and assists Board level Committees in discharging their mandates.

Responsibilities:

- Conduct comprehensive risk assessments to identify potential threats across operational, financial, legal, and strategic areas as per Risk management policy. Oversee the maintenance of risk registers and ensure alignment with organizational objectives. Enhance employees' awareness of risk management practices through regular training sessions.
- Develop and implement risk management strategies, including contingency plans, and mitigation measures in collaboration with cross-functional teams to address identified risks effectively.
- Ensure adherence to industry regulations or other applicable standards. Maintain up-to-date knowledge of relevant laws and compliance requirements.
- Prepare detailed reports/presentations/minutes for Board Committees ie. ERM, RAMC, MSC, SGF etc. and other compliance documentation.
- Oversee Inspection of Members of the Exchange.
- ISO Certification Management: Coordinate ISO Surveillance Audits, including hiring consultants and updating documentation.

Qualification & Experience:

- Master's degree in business administration, Finance, Law, or a related field.
- Minimum 10+ years of total experience with minimum 5-6 years of experience in risk management role.
- Professional certifications such as PRM (Professional Risk Manager) or equivalent are preferred.
- Familiarity with ISO certification processes is an advantage.
